School Supt

The Board of Supervisors of Appomattox County passed an important resolution yesterday, when it endorsed Prof. Lindsay Crawley for appointment of Division School Superintendent for the county. Prof. Crawley formally files his application for the position at the urgent request of many friends who have the interest of the schools of the county at heart. He is waging no fight for the position, but his friends will file his application before the State Board of Education at once and will urge his appointment in the interest of the school system of Appomattox because of the fitness and qualifications of the applicant. Prof. Crawley is too well-known in the homes of this county to need further introduction or commendation at our hands. As head of the High School here 16 years he has forged it forward until it now ranks among the best schools of the State in its class, and his wisdom and economy displayed in his management turns out scholars at a cost of $41 per annum, which figure is not approached by any other school of its class in the State.

The people are to be congratulated on having Prof. Crawley an applicant for their Superintendent, and now is the time to urge the State Board to appoint him.

Walter E. Addison

Hon. Walter E. Addison died at Memorial Hospital Lynchburg Monday in the 62nd year of his age. He had been editor of the Lynchburg News for nearly 19 years, during which time he represented the Campbell and Lynchburg district in the Virginia Senate. He was always approachable and knew the people of Virginia intimately, and was honored and held in high esteem by the editors of State. He was courageous and fearless, strong in his convictions, frank in his expressions, yet he was careful not to offend, affable and sincere—he won the affection of those he knew. We cherish his friendship and deeply regret his departure

Dr. A. S. Priddy

A native of Charlotte county and head of the State Epilectic Colony died Tuesday at the Baptist Hospital, Lynchburg in the 59th year of his age. He was a specialist in his profession and had many friends in this county. His remains will be interred at Keysville today.

Many of his life-long friends from this county attended his funeral in Lynchburg yesterday. In his death the State loses a faithful, conscientious servant and the afflicted a warm-hearted sympathetic genius.

Governor Tyler

Governor J. Hoge Tyler died at his home in East Radford Saturday, January 3rd, after a short illness. He was 78 years of age. He had held many positions of trust and was elected Governor of Virginia in 1897. Faithful in every relation of life he now rests from his labors. He was our friend and proffered the office of Commissioner of Labor to us while Governor. Virginia has lost one of her best citizens and his church a wise and devoted member. It was with pride we called him our friend.

Child Labor Bureau Pie Eaters

The Child Labor Bureau of the Federal Government began with an expense of only $25,000 per year, but last year it had grown to an expense of a million dollars a good part of which was spent in lobbying through the Child Labor Amendment, which it is believed the Legislatures of the country will have the good sense to reject. Should this amendment carry the functions of the bureau will expand rapidly, and it is estimated would employ 50,000 pie eaters, whose main business would be spying on the public. It is a rank piece of socialism, and the entire bureau should be abolished.—Carrollton (Mo.) Republican Record.

Farmers Stirred

The attempt of auction warehousemen and their followers to stir up friction among members of the Tobacco Growers Cooperative Association of Caswell county in the courthouse at Yanceyville last Monday following the publication of a most favorable audit sent out by the tobacco cooperative ended in one of the most enthusiastic demonstrations for the marketing association, ever seen in Western Carolina.

With every seat taken, the walls lined with farmers and the rostrum of the courthouse filled after the departure of the warehousemen and trouble-makers, resolutions were adopted by the farmers condemning the action of a few disgruntled members in calling for further accounting by the association in view of the fact that its published audit shows that the tobacco cooperative has reduced its cost of handling tobacco from $1.55 per hundred pounds in 1922 to $1.39 for the crop of 1923.

The resolutions of the farmers in this week's meeting at Yanceyville further point out that the investigators of the meeting had already received an average from deliveries of their 1923 crop to the association of $17.90 per hundred as compared with a net average of about $18.50 received by old belt farmers for last season's crop, with the distinct advantage that the association members are certain to receive more.

Thomas Neal, representative in the General Assembly of North Carolina from Caswell county, Hoke Vernon, chairman of the Caswell County Unit, and C. B. Warren, representative in the Virginia Legislature from Pittsylvania county, earnestly endorsed the tobacco association and its methods following which, practically every member in the courthouse at Yanceyville stated his desire not only to support the marketing association for the term of the present contract, but to sign again for another five years.

Young Rolf Barlow, who is still in hospital at Lynchburg, suffering from the effects of a fall from a wagon is improving. His club at Oakville passed resolutions of sympathy on January 8th and hope for a speedy recovery.

Sunday and Monday this community was fast in the grip of ice, and the streets and highways were dangerous to travelers. Telephone and electric light wires gave way under the strain and much damage was done to orchards and shade trees.

The high prices for tobacco continue on the Appomattox market—an average of 24 cents was made for the entire sale Tuesday. J. B. Drinkard cashed a $500 check for a load. The Co-op warehouse is also busy and the quality of the weed being offered here is expected to lead the State, and there is every reason why it should. Appomattox the centre of the greatest dark tobacco market.

C. T. Moses was granted a permit by the Corporation Commission in Richmond last week to operate a passenger and freight buss line between Farmville and Lynchburg. STONEWALL

Well, well Stonewall is still on the map, if it has't appeared in these columns this year. Best wishes for the editor and all readers for the most prosperous year.

Paul Drinkard, of Appomattox spent a short while at home Sunday.

Much sickness is prevailing in the neighborhood. Very cold weather with hail, snow and rain for several days, which has put the phone line out of commission. Hope the phone man will soon come around and get busy.

From the way several girls' fingers are sparkling wedding bells will be ringing all the year unless "it" was Santa Claus.

Miss Estelle Taylor, of Lynchburg, was a Sunday visitor here.

J. W. Neighbors, Jr., of Lynchburg, was a week-end visitor with home people.

Miss Nellie Anderson is in Lynchburg having her eyes treated.

Mrs. C. M. Stratton received a telegram Monday announcing the marriage of her son, Bert Douglass Stratton to Miss Mary Lucy Taylor in Washington, January 11, 1925.

HIXBURG

On account of bad weather there was no preaching here on the past two Sundays.

H. M. Marshall was indisposed several days last week. Wilson Hix is also on the sick list.

Miss Janie Marshall, who has been suffering with rheumatism is reported better.

As the freezing weather helps to kill out insects, which are so harmful to young fruit, we are now looking forward to a bumper crop this season.

The death of Miss Georgia Anna Lodge, of near Olive Branch, removes from us the last member of a large family. Miss Lodge was in the 83rd year of her age and had been in bad health for quite a while. Interment was made in the family burying ground of the old home place.

JOEL P. FORE

In the death of Mr. Joel P. Fore which occurred on the 8th, we lose a good and kind neighbor, the community one of its real land marks as he was authority for what some might want to know that took place years ago. Mr. Fore was in the 86th year of his age and a member of the Presbyterian church. Served through the entire Confederate army and was considered a brave soldier, was wounded twice in battle but returned to service each time. He was the last survivor of a large family of brothers and sisters none of which were ever married. Interment was in the family burying ground at his old home place and services conducted by Rev. Mr. Clark of Olive Branch church.

Hurtsville

Much tobacco is being stripped while the farmers are shut in by the bad weather.

The holidays passed pleasantly in our village. On Friday there was a Xmas tree at school house here with very suitable program rendered by children which reflects credit on their teacher, Miss Anderson.

We are sorry to learn that Miss Anderson was called home on account of illness of her mother just after returning to her school work on January 1st.

Mrs. J. W. Moseley, of South Boston, and Miss Flossie Marshall were at the old home with their parents for the holidays and visited our village.

The co-ops of Hurtsville held a meeting January 3rd and elected officers for 1925. There was a good attendance and matters of much interest discussed and resolutions adopted. As these rallies are of the utmost importance to all farmers we trust they will keep up the good works.

We note with interest the expression of his convictions by John W. Chalkley, declining to become a candidate for Governor of Virginia in Richmond Times-Dispatch in a recent issue Wake up, voters of old Dominion.

P W Coleman has returned from Lynchburg, where he served on U. S court jury.

Robert P. Hannah has returned to Gladstone.

Wishing a year of prosperity for the editor and readers of the TIMES VIRGINIAN.

Permanent roads are a good investment —not an expense

Now Is the Ideal Time to Build More Paved Highways

There is not a single community in the United States that does not need a greater mileage of permanently paved roads.

16,000,000 motor vehicles are now using our highways for business and pleasure. They are packing the paved roads in already congested areas, as well as over-running regions until recently considered remote. And they are pounding to pieces all but permanent roads.

Even though a number of states have made good progress in building Concrete Roads, their present permanently improved mileage is entirely inadequate, as every motorist knows.

Meantime, while the building of permanent highways lags, the production of motor vehicles is increasing the present total at the rate of 4,000,000 a year!

Sooner or later this gap must be closed. Why wait?

Not in a long time have general conditions been so favorable for carrying on such public works as permanent highway building, thus assuring tax payers more for their money.

Now is the ideal time to extend both street and road programs!
